

SMART CONNECTED EYEWEAR

Reduce Health Accidents and Associated Costs

BY Cert. 6200973

Thanks to Artificial Intelligence, we can prevent health risks

75% of worldwide population wear prescription eyeglasses.

100% of adults can wear sunglasses

Eyeglasses' frames are one of the most commons and well accepted wearables

The position on the face allows collection of physical, physiological and environmental data.

30% of lethal car accidents are caused by drowsiness.

27 Lethal falls everyday in France and 37,3M falls worldwide/ year
