AGENDA

HOW TO

Virtual Stores 360°

We turn the traditional e-commerce websites in «**digital tours**» to offer a 360° shopping experience to customers, enriched by interactive content, to inform and entertain, combining «gamification» logics.

Usage Specification

- ✓ 360° Spaces available on Client's site or ad-hoc servers supplied by AR Market.
- ✓ Interactive experiences enjoyable through **desktops** or **mobile devices**, as well as **cardboards** or latest generation **headsets**, for a full immersive view.

Technical Profile

- ✓ Virtual Spaces are developed starting with **360° images, videos or recording of real locations** (es: stores, museums)
- ✓ Development of **3D Spaces, rendered and navigable.**
- ✓ Enriched with **digital content** in **AR, gaming and quizzes**, developed in Unity, AR Foundation.
- ✓ Production of **analytic reports**, for targeting and marketing campaigns.
