Albi Home M+

The greenest way to taste your wine

8X longer

Than any other wine preserving method

Albicchiere creates **the perfect glass of wine**, it serves it at the **right temperature** and keeps it **fresh as if it were just opened.**

Automatically Serve Your Wine at its Ideal Temperature

Preserve Your Wine for Longer

THE LAST GLASS WILL ALWAYS BE AS FRESH AS THE FIRST

Always ready-to-go

Easy to use: insert, pour, enjoy

Temperature control system

It will bring wine to the ideal temperature

Endless change

Change wine whenever you want, even if you drink just one glass

Mobile

Bring it wherever you want thanks to its battery pack

No cleaning process required

Even with repeat use of different wines there is no internal cleaning required

ZERO

service cost

No needles or gas refills required

PARENTAL CONTROL

Protects your wine from unauthorized users.

Albi Home M+, the **eco-conscious** smart wine dispenser

Choose the mode according to your needs

Albi allows you to choose between **three different cooling modes**, you choose whether to optimize consumption, minimize noise or have wine as soon as possible.

AI powered energy saver

Thanks to AI, the dispenser can analyze your usage habits and many other factors to **suggest you the best time** to be activated via a notification on your phone, to make the most of the cooling system and **reduce consumption**.

ALBICCHIERE

now

It's time to get ready for tonight.

Click here to have your *Cantina Albi Riesling* ready for **9 PM** and save up to **34%** of energy 🌿⚡

up to **50%** longer duration for poured Smart Wine Bags

Automatic Vacuum System

Albicchiere has always tried to create a universal solution that included both bottles and Smart Bags.

Thanks to the new **vacuum function** of Albi you will now be sure to eliminate all the oxygen present in the bags where you have poured your wine, **preventing oxidation** and ensuring a preservation time similar to that of sealed Smart Bags.
