

## *Who We Are*

Your trusted sources for macroeconomic, financial and business news and information about China.

**VISIT OUR WEBSITE**

## ABOUT US

“  
*...(Caixin) sets high standard in terms of accuracy and insight, helping people outside China understand China, and helping people in China have a healthy debate on some policy-making topics.*”

- Robert Zoellick  
former president of  
the World Bank  
Group

“  
*If you want to learn and understand about what's happening in China, in this region, what is the Chinese view, you should look at what Caixin has published.*”

- Pascal Lamy  
former director-general,  
WTO

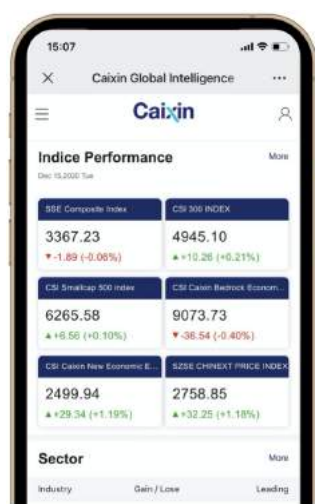

# NEWS & DATA PRODUCTS

**LEARN MORE ABOUT THE BENEFITS**

A pioneer of China's independent media, Caixin is known for its in-depth investigative reporting and exclusive coverage. Its news and analysis serves as an essential reference for the international business community to better understand China and Asia.

**CAIXIN A-SHARE SMART VIEWER**

By becoming a subscriber, you will receive unlimited access to our news website and app, including in-depth and exclusive coverage, customized newsletters, Daily Digest, podcast, videos and more.

Global investors can leverage the "Caixin A-share Smart Viewer" tool to get free real-time quotes for Chinese mainland stocks, ETFs, and indices, as well as acquire in-depth and cross-industry analysis.

*For more information about Group subscription or Caixin Chinese subscription, please contact [hello@caixin.com](mailto:hello@caixin.com).*

# CAIXIN INSIGHT

*Navigate Risk and Opportunity  
in China From the Inside*

Caixin Insight is a premium financial services platform that provides big-data analytical solutions, frontier macroeconomic research, business and financial databases, smart beta indexes, consultancy and quantitative analysis to Chinese and international institutions.

“ *We always strived to achieve competitive rates of return in developing markets (like China) with the constant effort in balancing risk in the process. Caixin Insight has enabled us to confidently position our ourselves in areas of growth while keeping us up to date with key developments that could affect our investments.*

- senior executive,  
a North American  
institutional investor

”

Founded in August 2015, Caixin Insight has consistently delivered first-class services in the areas of research, data and indexes, with its vision to be the financial infrastructure builder of China in the new economy era. Its goal is to help its clients better navigate the structural economic development, internationalization, capital markets and China's other important strategic agenda.
