Via your Lyko dashboard, keep track of all metrics and KPI. As the evolution of reservations in real time to understand the customer behavior, or ever, in one click, disconnect a Mobility service providers, without touching the code.

The easiest way, to avoid investing in R&D

Intermodality

No matter the scope of your project or the territory. Our intermodal calculator which can support a large high-volumes of data, on a national and local scope.

Integration

As an aggregator, we know that it is often difficult to convince a MSP. To avoid the long negotiations, we do all the hard work of sourcing, contracting and connecting the MSP for you!

Interoperability

No matter the type of MSP or the nature of the territory. We do all the hard work of harmonizing data and manage all the complexity of development, for you !

Visibility

At Lyko, be always clear about what you will pay. No commitment. No hidden fees. Keep track of expenses, every month.

The smart toolbox, built by and for developers

Because we know that the development of intermodal platform can take much time. We've developed an easy-to-use REST API, so your teams don't have to assemble outdated database or spend months integrating some features.

- ✓ Scalable architecture
- ✓ Clear documentation
- ✓ 99,95% uptime

Integrate booking
of airport transfers
on its platform

The screenshot displays the Joon website interface for booking a trip. At the top, the Joon logo is centered, with a search icon on the left and download/share icons on the right. Below the logo, the heading "Your trips" is followed by a progress indicator consisting of four circles on a horizontal line, with the third circle filled. The main content area features a white card with the following details:

- Travel Date and Time:** Saturday, June 9, 2018 at 8:30 a.m.
- Origin:** 12 Rue Sainte-Foy, Paris
- Destination:** Airport Paris CDG
- Vehicle Type:** A dropdown menu currently showing "Your shuttle".
- Available seats in your vehicle:** A dropdown menu.
- Luggage accepted (55cm x 40cm x 20xm):** A dropdown menu.
- Indemnity range per passenger:** A price range slider set between 8,50 € and 9,40 €.

At the bottom center of the card is a blue "Submit" button. In the bottom right corner of the page, there is a circular icon of a shuttle driver's face.
