Innovative Solutions | Hybrid Workplace | Employee Experience

Witivio – Experts on Employee Experience

Witivio is a Startup based in France and Switzerland. We use the latest technologies to develop solutions for the hybrid workplace: virtual agents, chatbots, and Microsoft Teams Apps. We believe that a company thrives when the workplace aligns with its business goals and employee needs.

VIRTUAL AGENT STUDIO

by WITIVIO

Virtual Agent Studio is a **no-code studio to create chatbots** for the workplace. The chatbots you create will help you:

- **Automating repetitive tasks**
- **Facilitate access to information**
- **Improve employee's communication and engagement**

Virtual Agent Studio has been developed to give companies' freedom to create **as many chatbots as needed**, and **full control** over the chatbot knowledge and behavior.

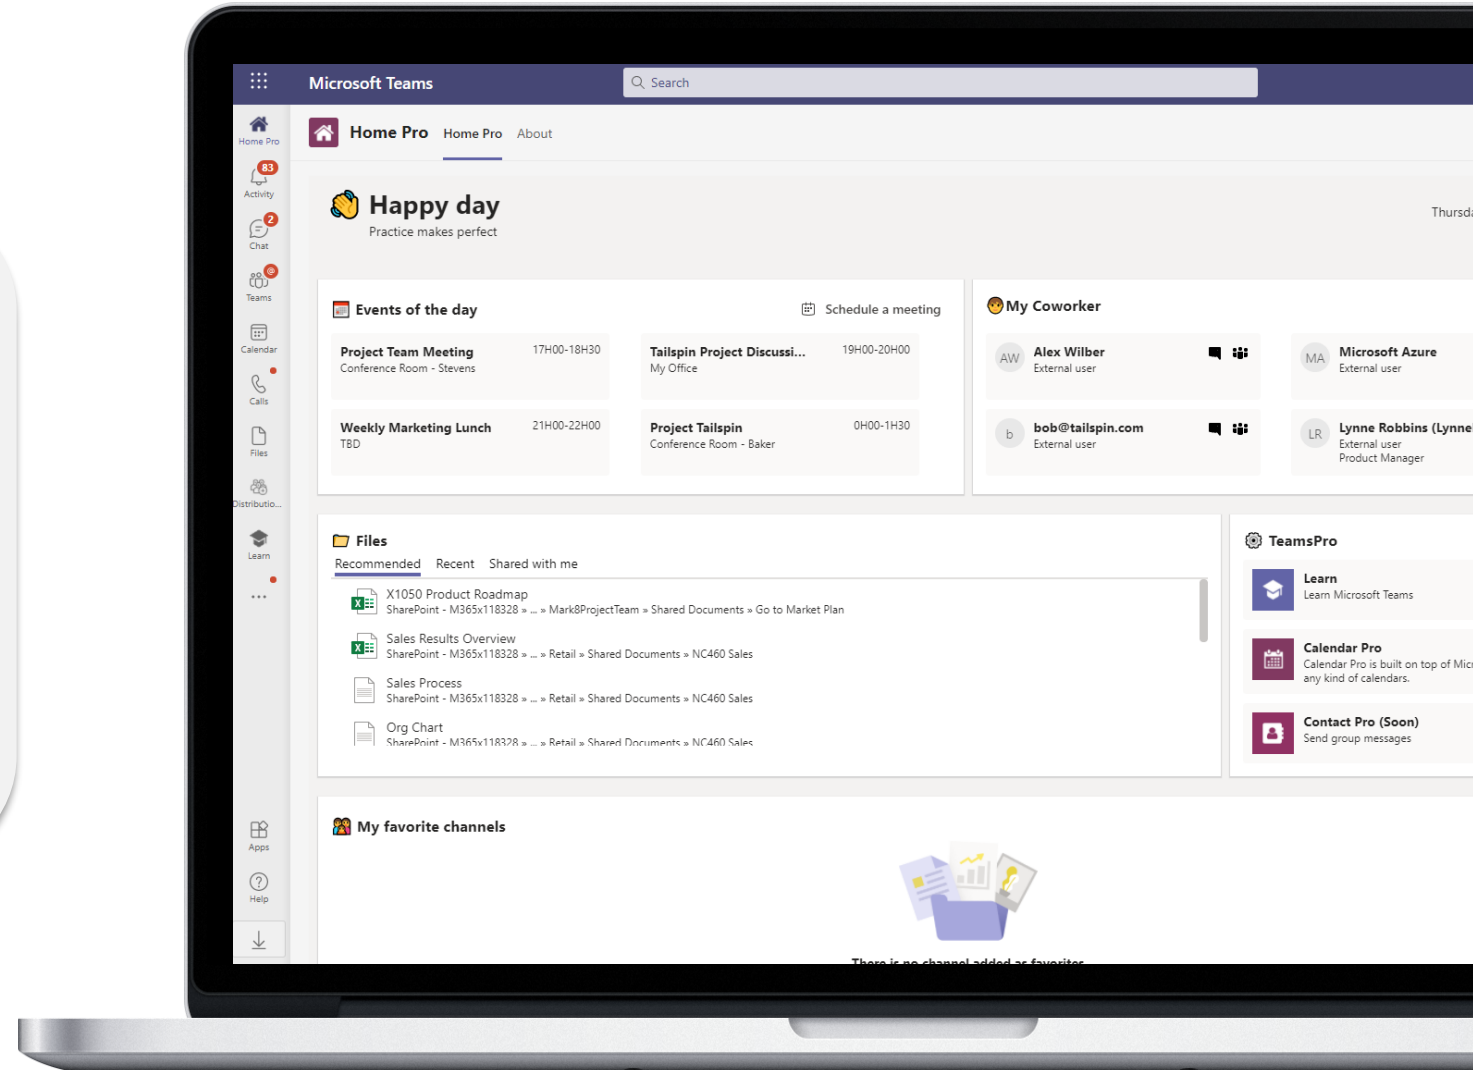

TEAMS PRO

by WITIVIO

TeamsPro is a **suite of Microsoft Teams applications** that **improve employee experience**. The apps classified into five families:

- Planning and Organization
- Communication
- Collaboration
- Security
- Adoption and socialization

These apps will **extend Teams' capabilities**, increase productivity and **strengthen employee engagement** and collaboration in Teams

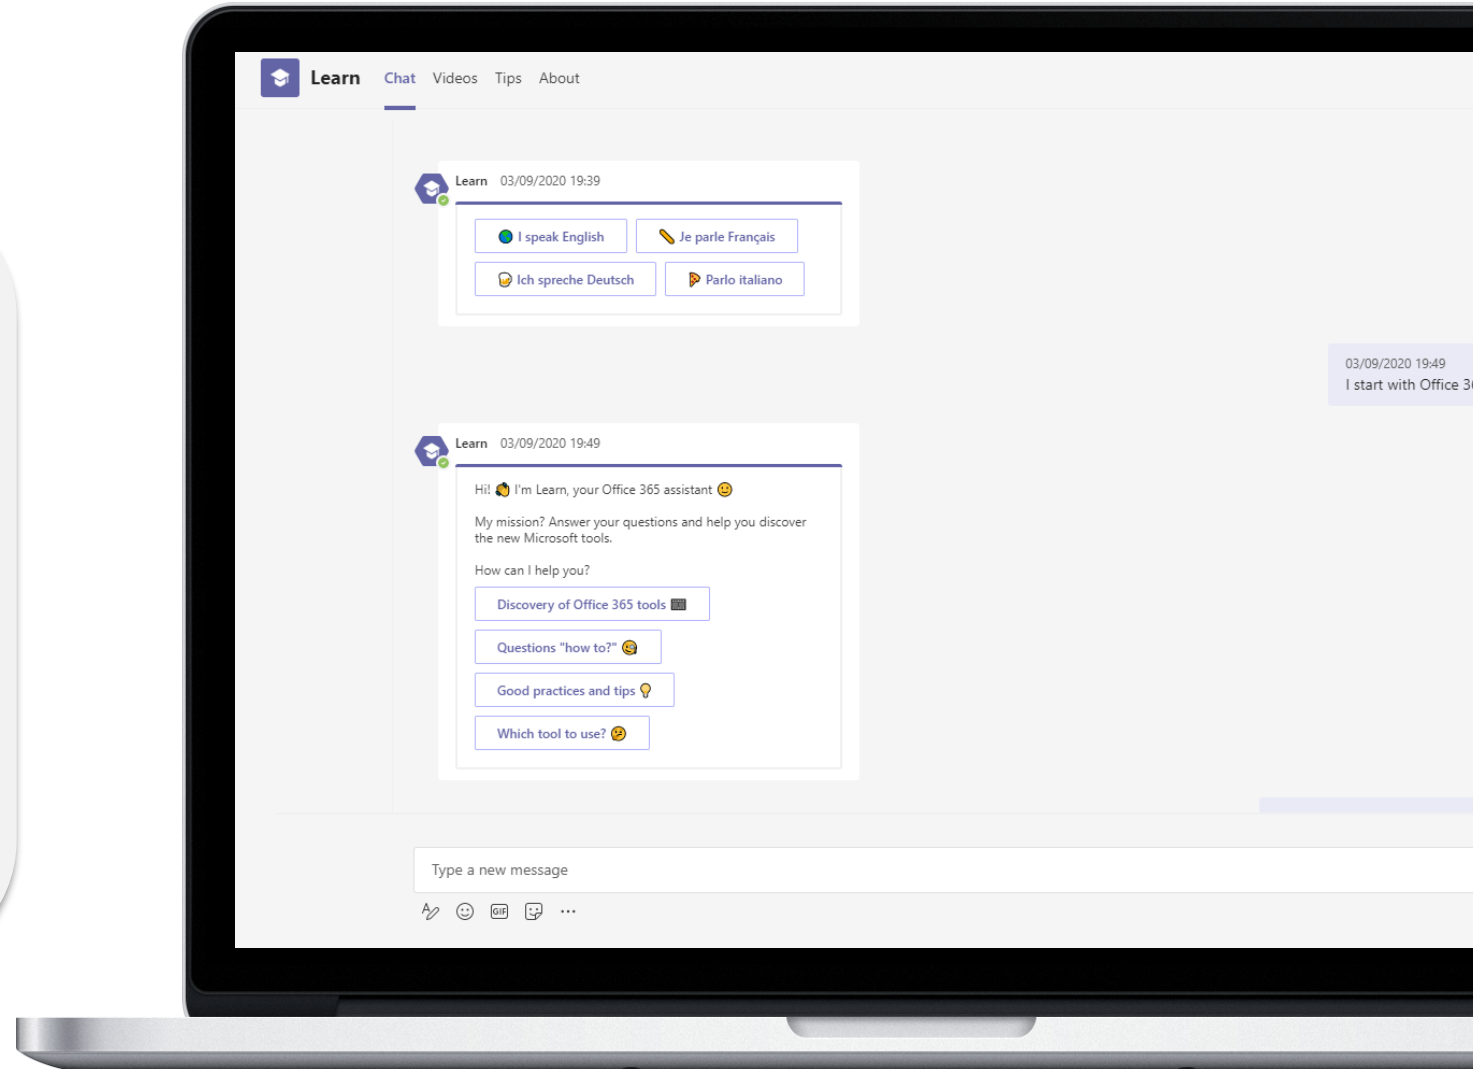

LEARN365

by WITIVIO

Learn365 is a **virtual assistant** 100% integrated with Microsoft Teams. It supports employees to **improve their Office 365 skills** by answering all their questions 24/7.

- **Discover Office 365 tools:** OneDrive, OneNote, Yammer, Teams, and Outlook
- **Understand which tools to use and how to use them.** It contains four learning paths and up to 60 HD videos
- **Find best practices, tips, and tricks** based on their roles

Learn can answer questions in four languages: **English, French, Spanish and Italian.** It has an **extensive library of HD videos** and other content to help you make the most of Office 365.

What clients say about us

"A-Lex has fully participated in the digital transformation of the Legal & Compliance Department! We are proud to have been pioneers by launching an innovative project"

Béatrice Philippe - Labor Lawyer at Adecco Group

95k

Virtual Agent Users

125k

TeamsPro Users

"TeamsPro Apps allow my entire team, located in 4 different buildings to keep track of everyone and their activities. We can see who is busy and who is available very quickly."

Anthony Price
Executive Director at
Greenwood Pathway House

02

"Simple in function and intuitive to use"

Russell Phillips
Senior Technical Officer at
University of Otago

03

"I am able to see what my team resources are doing without leaving Microsoft Teams"

Sarah Eccles
Creative Lead at BMF

04

"We are able to replicate a constantly changing operational whiteboard in our office. This gives our remote working team a sense of the operational activity that has happened and what is scheduled coming up."

Debbie Pepler
Head of Operation of
Talick Group
