A community approach to
on-demand work

20 years of experience with on-demand teams
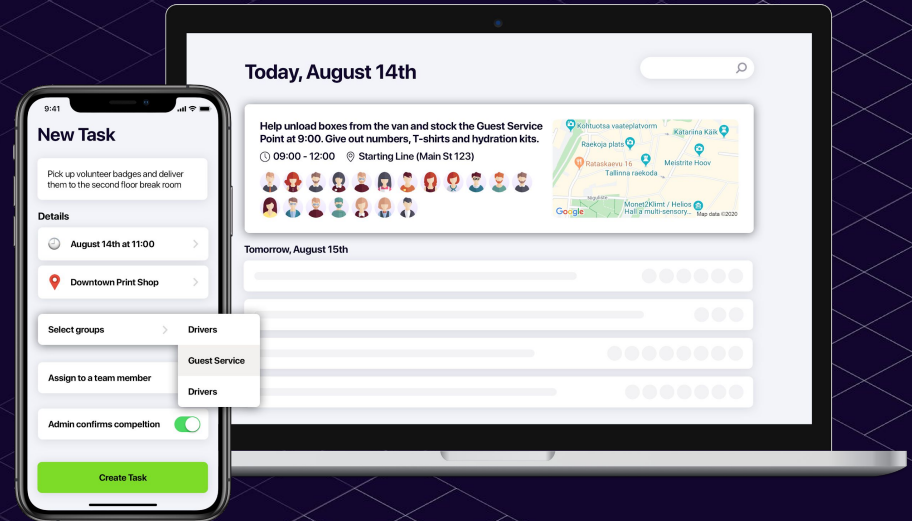

zelos

The **right talent**, in the **right place**, at the **right time**, is the equation for success in today's world.

zelos

Dispatch tasks to your own private database of collaborators

Step 1
Break work into small tasks with clear goals

Step 2
Automatically qualify relevant people who signal their availability

Step 3
Set checkpoints to request timesheets and task updates

Step 4
Automatically highlight top performers!

9:41

Today

Tomorrow, 14th of August

Four extra drivers needed at 10:00   Pick up
Lifts needed on Friday morning. Gas money reimbruisement after the last ride!

Wednesday, 15th of August

zelos

"

Zelos ==dramatically increased== the number young people signing up for the tasks. Before around 20-30% of the group was active, now that's around 75-90%

Erkki Kubber, leader of youth programme

"

After entering the tasklist to Zelos I could forget them, and not deal with them throughout the day. When I came back later, all the issues had been ==independently solved== by our team members.

Luise Sommer, event manager

"

Managing a nation-wide campaign would be impossible without technology. ==Zelos saved us lots of time== when managing our team of 1000+ collaborators.

Deimantė Žebrauskaitė, election campaign manager
