SAINT EXUPERY

THE ANTOINE DE SAINT EXUPÉRY YOUTH FOUNDATION

was created in 2009, under the aegis of the Fondation de France, by the family of the author of
"The Little Prince" and his admirers from the worlds of aeronautics and literature.

True to the spirit of the French author and aviator who defended a society based on respect for humankind, cultural diversity, cooperation, commitment and individual responsibility, the Antoine de Saint Exupéry Youth Foundation carries out various philanthropic projects that aim to improve the lives of youth and help them attain better futures.

The Foundation collaborates with local non-profit organisations in France and throughout the world on generous, long-term initiatives to support concrete action in the fields of education, culture, handicap and literacy, with the support of our partners and goodwill ambassadors.
